### A Taste of Science Museum Exhibit

**Date and Time:** Thursday, January 209:30 a.m. - 4:00 p.m.

**Event Location:** 550 King Street North, Inside Conestoga Mall, Waterloo, ON

The City of Waterloo Museum hosts a new exhibition on loan from the Canada Agriculture and Food Museum: A Taste of Science.

*What:* A Taste of Science  
*Where:* City of Waterloo Museum, located at Conestoga Mall (near the food court)  
*When:* until March 20, 2020

A Taste of Science is an interactive exhibition that engages all your senses. The exhibition will highlight the role science plays in delaying food decay and keeping food nutritious and safe for us to eat. This bilingual exhibition is suitable for all ages and offers menu items for both the mind and the imagination.

The development of food preservation methods is almost as old as human civilization itself. Every country and culture across the world has adopted a way of food preservation, which the museum will explore, demonstrating some of the methods still practiced today.

Children and adults can immerse themselves in an oversize pantry, learn different food preservation techniques, discover what makes food spoil, and for the courageous you can even smell different types of food that have spoiled.
